DEV-001

Erikson, infancy (about 0-1.5 years): crisis and virtue?

DEV-002

Erikson, early childhood (about 1.5-3): crisis and virtue?

DEV-003

Erikson, play age (about 3-5): crisis and virtue?

DEV-004

Erikson, school age (about 6-12): crisis and virtue?

DEV-005

Erikson, adolescence: crisis and virtue?

DEV-006

Erikson, young adulthood: crisis and virtue?

DEV-007

Erikson, middle adulthood: crisis and virtue?

DEV-008

Erikson, late adulthood: crisis and virtue?

DEV-002

Autonomy vs. shame and doubt; virtue: will. Toilet learning and making choices.

Erikson, E. H. (1963). Childhood and Society (2nd ed.). Norton Ch. 7: Eigh...

DEV-001

Trust vs. mistrust; virtue: hope. Consistent, responsive care builds trust.

Erikson, E. H. (1963). Childhood and Society (2nd ed.). Norton Ch. 7: Eigh...

DEV-004

Industry vs. inferiority; virtue: competence. Mastering school and skills, comparing with peers.

Erikson, E. H. (1963). Childhood and Society (2nd ed.). Norton Ch. 7: Eigh...

DEV-003

Initiative vs. guilt; virtue: purpose. Planning, pretend play, curiosity.

Erikson, E. H. (1963). Childhood and Society (2nd ed.). Norton Ch. 7: Eigh...

DEV-006

Intimacy vs. isolation; virtue: love. Forming committed relationships.

Erikson, E. H. (1963). Childhood and Society (2nd ed.). Norton Ch. 7: Eigh...

DEV-005

Identity vs. role confusion; virtue: fidelity. Exploring values, roles and relationships.

Erikson, E. H. (1963). Childhood and Society (2nd ed.). Norton Ch. 7: Eigh...

DEV-008

Integrity vs. despair; virtue: wisdom. Life review and reminiscence support integrity.

Erikson, E. H. (1963). Childhood and Society (2nd ed.). Norton Ch. 7: Eigh...

DEV-007

Generativity vs. stagnation; virtue: care. Parenting, mentoring, contributing. A midlife client feeling purposeless after children leave fits here.

Erikson, E. H. (1963). Childhood and Society (2nd ed.). Norton Ch. 7: Eigh...

DEV-009

Erikson versus Freud: key difference?

DEV-010

Marcia's four identity statuses?

DEV-011

A teen adopts the parents' career and religion without ever considering alternatives. Identity status?

DEV-012

Piaget, sensorimotor stage (0-2): key achievement?

DEV-013

Piaget, preoperational stage (about 2-7): hallmarks?

DEV-014

A 5-year-old believes the child's anger caused a parent's illness. Which Piagetian feature?

DEV-015

Piaget, concrete operational stage (about 7-11): hallmarks?

DEV-016

Piaget, formal operational stage (about 11-12 and up): hallmark?

DEV-010

Diffusion (no exploration, no commitment), foreclosure (commitment without exploration), moratorium (exploring, not committed), achievement (explored, then committed).

Marcia, J. E. (1966). Development and validation of ego-identity status. J...

DEV-009

Erikson is psychosocial and spans the whole lifespan. Freud is psychosexual and ends with the genital stage at puberty.

Erikson, E. H. (1963). Childhood and Society (2nd ed.). Norton Ch. 7: Eigh...

DEV-012

Learning through senses and action; object permanence develops in the first year and a half.

Piaget, J., & Inhelder, B. (1969). The Psychology of the Child. Basic Books...

DEV-011

Identity foreclosure: commitment without exploration.

Marcia, J. E. (1966). Development and validation of ego-identity status. J...

DEV-014

Preoperational egocentrism and magical thinking. Explain simply and concretely that the child did not cause it.

Piaget, J., & Inhelder, B. (1969). The Psychology of the Child. Basic Books...

DEV-013

Symbolic and pretend play; egocentrism, animism and magical thinking; cannot yet conserve.

Piaget, J., & Inhelder, B. (1969). The Psychology of the Child. Basic Books...

DEV-016

Abstract, hypothetical reasoning: thinking about possibilities and testing ideas systematically.

Piaget, J., & Inhelder, B. (1969). The Psychology of the Child. Basic Books...

DEV-015

Conservation, reversibility and classification; logic tied to concrete, real objects.

Piaget, J., & Inhelder, B. (1969). The Psychology of the Child. Basic Books...
